You’ve contemplated this investment, and now you’re ready for a personalized space that reflects your taste and lifestyle; a unique place where beauty balances intelligent design. It’s with this in mind that Decorá offers one of the most extensive arrays of door styles, embellishments and finishes available.
While our Midwest sensibilities come through in the sturdiness of our construction and the unparalleled quality of our cabinetry, our finish palettes span the globe with broad, beautiful colors representing an entire spectrum of wood tones, glazes and brushed finishes. Our comprehensive paint program offers 30 preselected, fail-safe choices, 2000+ Sherwin-Williams® paints, and in our quest to maximize personalization, a custom color program.

Mindful of your investment dollar, Decorá is not about fads or flash-in-the-pan trends. Our style sights are set on the long term appeal, quality and performance that your discriminating taste prefers.

When Maple Opaque or Painted finishes (Decorá Color Collection, Sherwin-Williams, Custom Color, or Brushed Technique) are specified, the center panels of the selected style may be constructed of Medium Density Fiberboard (MDF). MDF provides a smoother finish when painted, and is more resistant to warping, expansion, and contraction.

Finish can be defined as a traditional wood stain with or without a glaze or highlight, more colorful semi-translucent stain and glaze combination or paints with or without highlights. When layered over various wood types, the color variety is broad and chock full of possibility. Talk with your Decorá designer to understand how wood grain affects color, and peruse our pages and website for color inspiration.

SHEEN OPTIONS

A choice in sheen can significantly alter the appearance of a door, especially those finished with medium to dark paints and stains where matte finishes are more noticeable. We have paired a Standard Sheen (top) with our Matte Sheen (bottom) on this Modesto Cherry Mink door to illustrate the difference. Matte Sheen is available on all paints and stains - talk to your designer about the possibilities.

CERUSE FINISHES

Adding depth and dimension to Oak, Quartersawn Oak and Walnut, Ceruse finishes are available in two colorways. Fresco - a gray wash, and Relic - a black wash, are available on Cliff, Gunny and Kindling stains. Ceruse finishes feature a matte sheen, similar to furniture styling.
Harmony: Maple Pavilion Beige (Sherwin-Williams color) with espresso glaze

Brushed Onyx, Brushed Pavestone, and Brushed Saddle: three hand-applied, luxuriously translucent finishes to layer over any Maple or MDF paint. Choose to pair them with paints in our Color Collection, the entire Sherwin-Williams palette, or any custom color under the sun, for a completely personalized look that accentuates the fine craftsmanship found in every Décorá cabinet.

*When Maple Painted finishes (Decorá Color Collection, Sherwin-Williams, Custom Color, or Brushed Technique) are specified, the center panels of the selected style may be constructed of Medium Density Fiberboard (MDF). MDF provides a smoother finish when painted, and is more resistant to warping, expansion, and contraction. Highlighting not available on Marquis or Della door styles.

Cropped and brushed examples are shown on Chantilly. Brushed finishes are not available with highlighting.
HIGHLIGHTING OPTIONS FOR STAINS

Coffee and Espresso Highlights are applied by hand to a wide variety of stains and wood types, bringing focus to the door and drawer profile details. See your designer for style, wood type and finish availability.

Speckling is an artistic technique consisting of random spattering of small, black spots, that vary slightly in size. Expect these spots to be clustered or spread out across the surface of the product. The intentionally random application lends a sense of age and depth to the finish, resulting in a truly authentic, furniture-like aesthetic.

RESERVE PLUS

This more aggressive technique includes random rasped corners and edges, worm holes, mars, splits, gouges, small dings and dents for an authentically worn look.

Not available with brushed finish technique or Della door style.
**VINTAGE**

This subtle technique mimics finish wear that naturally develops over time, and features a continuous but light sand-through along the sharp profiles to highlight the distinctive details of each door and drawer front. Sand-through may vary in thickness around the perimeter of a single door and throughout the kitchen.

Not available on Unfinished, Natural, Natural Coffee Highlight, Natural Espresso Highlight, Irish Créme, Jet Ember, Turquoise Rust, or Weathered Jet. Not available with the brushed finish technique. Not available on Della door style.

**VINTAGE PLUS**

This more aggressive technique features burnished sand-through on corners and raised profiles along with sanding on sharp profiles to expose underlying wood for all species and colors in the Decorá line. Unlike Vintage, Vintage Plus is a RANDOM sand-through technique varying the number of corners and raised profiles receiving burnished sand-through and the sanding of sharp profiles. As with normal aging, the worn edges will vary within individual doors and throughout the entire room.

Not available on Unfinished, Natural, Natural Coffee Highlight, Natural Espresso Highlight, Irish Créme, Jet Ember, Turquoise Rust, or Weathered Jet. Not available with the brushed finish technique. Not available on Della door style.
Styles, product availability and construction may vary slightly from those shown in this book due to material availability and/or design evolution. Specifications are subject to change without notice. Customer service is available if your design requires verification of product availability and specifications.

Please note that paints featuring the same color name as your cabinetry are not guaranteed to be an exact color match. When seeking to match the color of your Decorá Cabinetry, take a cabinet door to your nearest Sherwin-Williams paint store to be color matched to reduce the likelihood of color variation. Exact color matching is not guaranteed, and MasterBrand Cabinets is not responsible for color discrepancies.

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure highest satisfaction, we strongly recommend you view an actual sample for best color, wood grain and finish representation.
