CUSTOM COLOR MATCH

For ultimate flexibility when creating a “one-of-a-kind” room, Decorá will create a custom color for Maple, Oak, Quartersawn Oak and MDF door styles based on your sample. Please provide a minimum 4" x 4" sample for a custom color match or a minimum 1-1/4" x 2" sample from a paint manufacturer fan-deck swatch. See your authorized Decorá dealer for complete details regarding our custom color match program and maximizing your personalization potential.

Styles, product availability and construction may vary slightly from those shown in this book due to material availability and/or design evolution. Specifications are subject to change without notice. Customer service is available if your design requires verification of product availability and specifications.

Please note that paints featuring the same color name as your cabinetry are not guaranteed to be an exact color match. When seeking to match the color of your Decorá Cabinetry, take a cabinet door to your nearest Sherwin-Williams paint store to be color matched to reduce the likelihood of color variation. Exact color matching is not guaranteed, and MasterBrand Cabinets is not responsible for color discrepancies.

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure highest satisfaction, we strongly recommend you view an actual sample for best color, wood grain and finish representation.
